Report Title: _____
Prime Consultant : _____
Sub Consultant: _____
Project No.: _____ GA SHPO HP NO.: _____
Date Submitted: _____
Document Type: Federally Funded State Funded Due Diligence

RESULTS:

Negative Findings

Isolated Archaeological Find(s) [Please include a description of all isolated find(s) and their delineation]

Per Georgia Council of Professional Archaeologists Standards, an isolated archaeological find is not considered an archaeological "site" or an historic "property" and is therefore by definition, ineligible for the National Register of Historic Places. Exceptional isolated finds (e.g., Paleoindian points) should be recorded as an archaeological site and this short report form not used.
